PROJECTS

Women Empowerment Platform ⧉
Collaborative platform for Women
- Github Repo: Click Here ⧉
- Hosted Link: Click Here ⧉
- Tech Stack: NextJS, TailwindCSS, Firebase
- Project based collaborative platform for women to work in non-tech fields.

Instagram Clone ⧉
A clone of famous social media platform, "Instagram".
- Gtihub Repo: Click Here ⧉
- Tech Stack: NextJS, Recoil, NextAuth, Firebase, TailwindCSS, FakerJS

News Website ⧉
News website using NewsAPI
- Note: As newsAPI changed their pricing plans, free plan no more supports fetching data on hosted links, so I have used dummy data which I gathered by running the project locally and fetching news from the API.
- Tech Stack: ReactJs, NewsAPI, TailwindCSS

EDUCATION

Vellore Institute of Technology
B.Tech (Computer Science and Engineering)
2021 – present | Vellore, India

PROFESSIONAL EXPERIENCE

Salt.pe ⧉
Frontend Web Dev Intern

Feb 2023 – present

My responsibilities include developing user-friendly and responsive websites that align with our clients' requirements, enhancing the user experience, and ensuring the website's functionality.

PrishaPolicy
Frontend Web Dev Intern

Sep 2022 – Dec 2022

In this role, the I developed responsive web pages and reusable React components while utilizing a range of technologies such as NextJS, TailwindCSS, NX Monorepo, Git, Github, MDX, and Server Side Rendering. In addition to technical skills, I have learned to attend stand-up meetings and collaborate with a team of developers, utilizing CI-CD for development and passing linting tests and pre-commit hooks.

CAREER OBJECTIVE

To secure an internship in a challenging and dynamic web development environment, where I can apply my skills, knowledge, and passion for web development to contribute to the growth of the company while also enhancing my professional growth. Seeking an opportunity to work on exciting projects, collaborate with a team of experts, and learn from industry professionals.
